## **ANGLESEY SECURED INVESTMENTS LIMITED**

### **COVID-19 Response**

As the impact of COVID-19 increases around the world, I wanted to let you know the steps that Anglesey Secured Investments Limited are taking to ensure continuity of service during these difficult times.

We will maintain the level of service that our clients have come to expect from Anglesey Secured Investments Limited, as well as to ensure that we keep our people safe. We have taken a number of steps to minimise this disruption by restricting business travel and encouraging hygiene practices in our offices.

We have enabled our team when working remotely to use technologies such as Microsoft 365 and Microsoft Teams.

Anglesey Secured Investments Limited is otherwise operating as normal and we work with our clients ensure it is business as usual going forward.

Clearly, this a worrying time for everyone. If there is anything Anglesey Secured Investments Limited can do, please reach out to our office on 02 9187 0909 or myself personally on 0477 407 007.

Regards,  
Peter Wright  
Director
